

CURRICULUM VITAE

Dr. Vinod Kumar Verma

MD (Anaesthesiology) Patna University

Professor

Short Term Training

- Certificate course in pain & palliative medicine, Trivandrum Institute of palliative Sciences, Trivandrum from 07/09/2009 to 17/10/2009

Other achievements:

- Guide of 5 MD (Anaesthesiology) students

Research:

Research completed –

- Effect of single dose magnesium sulphate on total postoperative analgesic requirement in patients receiving balanced general anaesthesia: a prospective randomized, placebo controlled study.

Research continuing-

- Comparative evaluation of hemodynamic and capnographic changes in laparoscopic cholecystectomy & open cholecystectomy: A prospective, observational, analytical Study.
- Comparative evaluation of conservative management and Sphenopalatine ganglion block for post Dural puncture headache: a randomised controlled trial.
- Comparison of anxiety scoring in patients posted 1st in OT & late OT.
- Subarachnoid blockade with 1% 2-Chloroprocaine Versus General Anaesthesia for day care urological surgeries – A prospective randomised control study.
- Early postoperative oral fluid intake in paediatric surgery under general Anaesthesia: A controlled randomized clinical study.
- Role of intrathecal nalbuphine on prevention of postspinal shivering after TURP.
